

Lake Tahoe Shakespeare Festival

Patch Panel Plot

Sound Designer: David Gotwald
 Sound Supervisor: Josh Brinkman
 Lead Sound Engineers: Alena Milos and Alec Group

Notes:

- On DSR/L NL2, both NL2 ports are hardwired together
- On MSR/L NL2 and USR/ NL2, the top NL2 port is 1 and the bottom NL2 port is 2
- For patches going directly to amps, please see Speaker Flow drawing for exact amp channel
- For patches going to booth rio snake, cable ends of booth rio snake are labeled with which patch they connect to
- Functionality of R3/4 to DLY R 3/4 and L3/4 to DLY L 3/4 unknown. To be tested in the near future

Scale: 1:1	Last Updated: 7/28/23	Version: 1
